

Republic of South Sudan National Security Service Internal Security Bureau (ISB)

Date 12th March 2021

**To: H.E Gen. Salva Kiir Mayardit
President, Chairman of SPLM and
Commander-In-Chief of the Regular
Armed Forces of the Republic of South Sudan.**

**Through Hon. James Deng Wal, Executive Director
in the office of President, Republic of South Sudan.**

**Subject: Special Report on Conspiracy Funded By Gen. Akol Koor Kuc,
Hon. Mayiik Ayii Deng, Hon. Abur Chol Chol and Dr Majak DeAgoot Atem**

Your Excellency,

To little bit backdate ourselves in recapping your memory, last year in October and on 30th November 2020, there were two substantial reports written to your administration for further action and solutions on the ongoing conspiracy sponsored by Gen. Akol Koor and former Minister in the office of the president, Mayiik Ayii Deng, Dr. Majak Agoot and their groups members whose doubled theirs involvement against Hon. Nhial Deng Nhial, the current minister in the office of presidential affairs, as well as other hardcore members of the SPLM political bureau. The groups decided to involve Gen. Taban Deng Gai, the Vice President, Hon. Obute Mamur Mete, the minister of National Security, Hon. Awut Deng Achuil, the minister of General Education and Instruction, Hon. Salva Mathok Gengdit, Gen. Gregory Vasilis and MD Bol Ring to mislead the public and your administration that the conspiracy is not meant to destroy Hon. Nhial Deng alone. Frankly, that is the main reason why the group intentionally included some hardcore members of the SPLM political bureau.

Their propaganda-based war is mainly carried out in the media outlets and some secret gathering places in Juba. From its beginning, there was a loose organization formed after the appointment of Hon. Bona Panek Biar, named **Tonj Short Break Within (TSBW)** and many other sites, blogs and WhatsApp groups they have been using for advancing their war against Hon. Nhial Deng and other dignitaries whom they purposely included to hide their main bias. But TSBW and other 19 unknown Facebook blogs were traced, identified in which Gen. Akol Koor Kuc, Mayiik Ayii Deng, Kuol Fidel Majok and many other people were found involved and after that, the discoveries were exposed to the public and your excellence office is aware of that document submitted to your office at the end of 2020.

After they were identified clearly, but recently their groups' members came up with new means of advancing their war by creating extra unknown Facebook pages/accounts namely;

1. **Justice of South Sudan** - Facebook page has 766 followers
2. **10 States Daily Reports** - Facebook page having 3,256 followers
3. **64 Tribes of South Sudan News** - Facebook page has 1,127 followers
4. **South Sudan voice of justice** - Facebook page 822 followers
5. **Instant News** - Facebook page has 2,347 followers
6. **Juba sun News** - Facebook page has 722 followers
7. **Macham Lang Nhialic** - Facebook account having 2,916 followers
8. **Maruop Anei** - Facebook account having 798 followers
9. **Deng Choldit** - Facebook account having 3,903 followers

Here are some names of authors and researchers that are processing nonstop propaganda-based conspiracy published on the aforementioned Facebook pages and accounts;

- 1) The ISB's director of Cyber Security Unit Captain Akol Akol Koor Kuc, Captain Muorwel Manin the Private Secretary of DG Akol Koor and William Deng Chirillo Chol better known as DC are general coordinators facilitating writing, reviewing and posting articles on Facebook pages number 1, 2, 3, 5 and number 8 mentioned above.
- 2) Maj. Emmanuel Monychol Akop, Garang John Deng, Wek Chol Dior and Wek Maluil Wek are among researchers, analysts, editors and writers in Facebook number 2, 3, 5 and Nyamilepedia with several other pages and WhatsApp groups run by different people of common interests.

- 3) Wilfred Akol Ayuel is a researcher and a columnist to Facebook number 3, 4 and his own personal Facebook account Wilfred Akol.
- 4) Maruop Anei is among relatives of Gen. Akol Koor in his close protection, who is a threat expert.

The above mentioned researchers, authors and editors are working very hard day and night to destroy Hon. Nhial Deng and other dignitaries to ensure their groups gain an advantage. Yes, the groups in any way can succeed to remove Hon. Nhial and other officials per their plans but still that can not be harmful to officials that might get removed but it will impose great dangers on your great administration and the ruling party Almighty SPLM and the nation.

Gen. Akol Koor Kuc, Dr. Majak De'Agoot, Hon. Abur Chol Chol, Lt. Col Kuol Fidel Majok and Hon. Mayik Ayii Deng are the ones providing financial support facilitating the conspiracies carried out on Hon. Nhial Deng and some key members of the SPLM political bureau.

In an actual sense, these guys (groups) have lost their minds. They completely forgot about the harms that can be done by advertising such as economic harms, political harms, and cultural harms, moral and religious harms to the state leave alone your faithful administration in the eyes of the International Community. They lost some basic ethics and moral principles to the shameful level of their failing to adhere to the inevitable last holy accountability after death: Judgment Day in which lottery tickets rest upon Hell or Paradise. No doubt every one of us will soon or later die, the time or place of our death are not known yet we are not prepared enough to correct ourselves as well as a lot of things before we die, because after death, there is no more time for repentance. So instead of these guys (groups) to put their things right now, they are daily destroying properties and people who are trying their best to put things in the right order before they leave the World.

In conclusion, loses of properties and the lives of people can be saved if your Excellency office can intervene in this endless conspiracy and order Gen. Akol Koor and Mayiik Ayii with their group's members to stop this kind of dangerous politics around you and take the right side of politics and other businesses which can be beneficial to them, you and community at large.

This has been observed and reported by the members of the National Security Service - Internal Security Bureau (ISB) from 3 Departments. This document won't be signed due to risks if our signatures get identified by our dishonest boss DG Akol Koor. We also asked Generals Lual Wek, Christo Thon and Manyang Manhom to talk to DG Akol Koor and his loyalists who were involved in this conspiracy but it seems DG Akol Koor ignored advice from his colleagues.

NB: We have repeatedly advised DG Akol Koor and some of his trusted senior members of ISB on how this conspiracy can be resolved before it causes

another national crisis but DG Akol Koor ignored us. So we were left with nothing other than to forward our reports to the office of His Excellency President Salva Kiir Mayardit for a final decision and lasting solution. This is how the minor cases of former CDF Gen. Paul Malong, late Kerubino Wol, Peter Biar and other issues became national problems yet we gave our genuine ideas and recommendations for consideration but DG Akol Koor and his trusted friends ignored our professional work and took the wrong approach as seen in results.

I missed Mayiik Ayii, he was a hard working

Article 1-10)

Hon. Simon Mijok Mijak, the killer of Bhar El Ghazal Road.

By Garang Bol Athain

This article is the beginning of series of articles that will unravel corruption, political malign and devil plans by Hon. Simon Mijok Mijak, Minister of Roads and Bridges for his intending to permmanly kill famous Juba-Rumbek super High Way.

The gradual suffocation of Juba-Rumbek super highway was a well calculated move planned way back immediately after Hon. Mary Joshua Okwaci the former Minister of Roads and Bridges got fired from the position.

Hon. Simon Mijok Mijak, immediately after taking over docket of the Ministry of Roads and Bridges immediately decided to be used by detractors of Bhar El Ghazal with absolute intention of humiliating His Excellency President Salva Kiir Mayardit in the eyes of his own backyard of Bhar El Gazal Region.

This process of political sabotage started with Hon. Simon Mijok Mijak writing letters to President attaching two concocted bills of quilantities. One bill with 520 millions USD while second bill with 720 millions USD as the cost of Bar El Ghazal Road. This ploy was made up to drawn attention of President Salva that there is an element of price inflation done by Minister Mayiik Ayii Deng the former Minister of Presidential Affairs to get kickbacks of 220 millions dollars.

After repeating this lies severally, it almost became truth and President fired Minister Mayiik replacing him with current one.

How Sectional Political Factions Plotted To Eliminate President Kiir Before The End Of Transitional Period.

A scheme to kill the South Sudanese president links to foreign espionage, a rogue minister, and a rebel commander has surfaced after the presidential Affairs Minister jetted to the UK on a private mission whose details are privy to a few. The unfolding news emerging from a credible foreign informant in recent weeks seems tugged from the pages of paperback fiction in Bristol, the United Kingdom where Nhial Deng was seen holding meetings.

According to the source, the allegations will have real enough consequences for the African youngest nation, contributing to its upending politics due to a fragile peace agreement, a collapsing economy, and regional interference that is mutilating its sovereignty and affecting relations with giant neighbors like Kenya, and Ethiopia.

Nhial Deng and Gen. Malong Awan have been linked together for sectionalizing SSOMA peace talks in Rome with the government for a certain political benefit between the two. President Kiir sacked Gen. Malong in 2017 on the accusation of planning to plot a coup against the government, just weeks after a little-known social media outburst alleged he had heard of a plot to assassinate the president from a police officer in Juba. This can be detected from the current underground networking plot that is being used by certain politicians to frustrate the ongoing peace negotiation in Rome.
